## JUDGMENT

Entered: January 11, 2021

This matter is before the court on plaintiff-appellant's response to this court's order to show cause as to why this appeal should not be dismissed for lack of finality. With his response, plaintiff-appellant has identified no final appealable order and has identified no exception that otherwise might render the order(s) he designated in the operative notice of appeal sufficiently final for immediate appeal. See generally 28 U.S.C. §§ 1291, 1292. The appeal, therefore, is dismissed.

Appeal dismissed. See 1st Cir. R. 27.0(c).
